RE: Chemical Recovery Systems Site, Elyria, Ohio

Dear Ms. Sheppard – Johnson:

Pursuant to your June 1, 2001 phone message, I am writing to confirm that you have granted CWM Chemical Services f/k/a Chem-Trol Pollution Control Services additional time in which to response to U.S. EPA's Request for Information dated March 2, 2001. It is my understanding that our due date is June 20, 2001. If this is incorrect, please call me at 630/572-2486 to discuss.

Also, I'd like to request that copies of all past mailings concerning this site be sent to me. I am most interested in the evidence package sent out in mid May and the details for the upcoming PRP meeting on June 27. The evidence package will assist us in responding to your request.

Thank you for your cooperation and patience.

Sincerely,

Debra A. Kopsky
Paralegal
